Kelichi works at a café with particularly handsome wait staff, and lately he's had the feeling that someone is following him on his way home. One day, Kelichi decides to face his stalker head on, and it turns out to be Akichiyuki, an art school student who's exhibiting his art at the same café Kelichi is working at! But when Kelichi asks him why he's stalking him, his answer blows Kelichi away.

Afterword

Thank you so much for buying AOI Kujyou's comic.

This comic has quite a lifelike (and something I've been through) scene of missing one's bus stop, lol. Riding the bus and train sure do give me some good ideas. Sometimes I can't even believe what I'm thinking about at the time *sweat drops*. Then I miss my stop *sweat drops*. Talking about lifelike scenes, I really wanted to draw more of Michiyuki's puppylike scenes. It's too bad since I have so many good puppy ideas I haven't used yet. From the very first chapter, my editor said, "He's really like a puppy" and so I kinda regret how I didn't have him attack harder.

Well, I guess that was what was wanted?

I hope we'll meet again in a different book.
